

OLD FRIENDS NEVER LIE

=====

The things you say about her
Hurt me more than you will ever realize
But you're an old friend, and old friends never lie
Ev'rybody says that old friends never lie
They never lie

Now that you mention it
She never seemed to want to talk about the past
But you're an old friend, and old friends never lie
It was you that told me old friends never lie
They never lie

Thank you for opening my eyes in time:
It sure is great to have a friend like you
I don't know how I'll ever pay you back
Just tell me if there's something I can do

So now it's over
And I'll have to try and find somebody new to love
It won't be easy, but old friends never lie
Even when the truth hurts, old friends never lie
They never lie
