

WEDDING BLESSING

May God bring you love for the rest of your lives
It's His gift alone to give that He asks you now to share
On Earth there's no nearer thing to Heaven's mystery:
May He bless you today and through all the coming years

So ask on this day for the power of His grace
To stand by each other during times of doubt and pain
With love as your compass, you'll never lose your way
No road can be too hard when you walk it hand in hand

May God grant you laughter - it's the fairest gift of all
May joy always be with you to brighten all your days
And help you to understand the miracle of Love:
Be filled on this day with the blessings of the Lord!
