Chords: D Bm D A G D G D A D

Chords: Bm A Bm A Em Bm F#m Bm

This tune was originally intended to fill what I perceived as the trad repertoire's crying need for a polka in the key of C. I suggested at that time that if your instrument was uncomfortable in that key, you play it in D. To make life easier, I've done the transposing. (Note that if the high C in the second part is a problem, substitute A).
