"Drumbeggil" is the Irish word for "bodhrán with a hole in the middle that tastes great with cream cheese". At least that's what somebody told me but you don't know who(m) to believe these days. I DO know that it's also the name of a street in Ennis, Co. Clare, where bagels used to be made back in the days of the Firlbolgs (don't get me started on that crowd). .
