Fall River is a former mill town between Providence and Cape Cod waiting to find some way of having a renaissance (unfortunately it's not alone in that respect). There's a very good weekly session there, and this tune was written in honor of the musicians who have kept it going over the years.

Historical factoid: Lizzie Borden - she of the 'forty whacks' - and her family were residents of Fall River; the scene of the crime is now a [gasp] bed and breakfast! (Think I'll stay at the Motel 6 tonight, thank you.)
