The Sunnyside neighborhood of Queens in New York City has always attracted young people needing a place to live relatively inexpensively. It's a short commute by subway to mid-town and has a lot of quiet streets and well-kept apartment buildings that make living there a pleasant experience. In my days as a New Yorker, Sunnyside had a sizeable Irish population, second I would guess only to the Bronx in that respect. Of course things have changed a lot over the years, but I'm sure there are still plenty of Irish accents to be heard in Sunnyside even today.
