N:This is a version of "Tie the Bonnet" (ONMI #1350). Source has the drone note as D, which I'm sure is the way that Turbit played it. I personally think it should be E, so in the ABC I changed measures 5-7 accordingly. See which version you prefer! (And if you don't care about drones, just play A.)

N:2:Source version has repeats which I have removed.
