N:This sounds like Reavy's version of "The Chicago Reel".
I don't like the C sharps in mm 11 and 15 but I left them
in - feel free to play C natural.

"Fiddlers need to be heard, so why not a place apart, a mountain just for them. And where is this spot to be where the great tunes of Ireland are commemorated? If it is only in the mind of man, it is place enough for those of us who seek it."
